

EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
Master of Technology	Visvesvaraya National Institute of Technology ,Nagpur	8.78/10 (Current)	2027 (Expected)
Bachelor of Technology	SVERI's College Of Engineering, Pandharpur	9.5/10	2025
Senior Secondary	KBP College, Pandharpur	91.16%	2021
Secondary	Kawathekar Prashala, Pandharpur	92.60%	2019

PROJECTS

- Distributed File Storage System

Self Guided

– Built a distributed file storage system in **C++** using **TCP socket programming**, enabling file chunking, multi-node storage, and reliable data retrieval.

– Designed a **master-server architecture** to manage chunk distribution and metadata mapping across storage nodes.

– Implemented **replication and fault tolerance**, ensuring high availability and resilience against node failures.

– Developed a custom **TCP-based communication protocol** to handle file upload, download.

Jan 2026 - Feb 2026

• SyntaxShare – Developer Knowledge Sharing Platform

Self Guided

– Built a full-stack developer platform using **React, Node.js, Express, and MongoDB**, enabling users to create, share, and manage technical articles and code snippets.

– Implemented a **rich text editor with Markdown support** and **syntax highlighting** to enhance readability of technical content.

– Developed secure **JWT-based authentication** and user profile management for personalized dashboards and content ownership.

– Designed **RESTful APIs** for post creation, bookmarking, and content retrieval, ensuring efficient backend communication.

Nov 2025 - Dec 2025

• CodePlayground – Web-Based Live Code Editor

Self Guided

– Built browser-based **HTML/CSS/JavaScript** live **code editor** using React with real-time preview via **Sandbox iframe execution**.

– Integrated **Monaco Editor** to provide VS Code like syntax highlighting, autocomplete and intelliSense.

– Implemented custom console and error handling by capturing iframe runtime logs and displaying within the application UI.

– Enabled persistent editor state using **LocalStorage** and **deployed the application on Vercel**.

Oct 2025 - Nov 2025

TECHNICAL SKILLS

• **Programming Languages:** C/C++, JavaScript, Python

• **Technologies & Frameworks:** React.js, Node.js, Express.js , Tailwind CSS , Prisma, TCP Socket Programming

• **Databases:** MySQL, MongoDB

• **Tools & Platforms:** Git, Cloudinary, Vercel, Postman , VSCode, MongoDB Atlas

KEY COURSES TAKEN

• **M.Tech Courses:** Pattern Recognition , Distrubuted Systems , Advance DBMS

• **B.Tech Courses:** Data Structure & Algorithms, Operating System , Object Oriented Programming,Computer Network, Database Management System
